Grant of lands to Mr A. Krishna Rao, Regimentdar & Mr Rama Rao, Ranavare, Regimentdar.

Letter No 2091 of 30. 10. 1903 from the Rev: Comr in Mysore.

In G. O. No 614-15 R.J. 148-92 of 14. 7. 1893, an extent of 100 acres and 1 gunta of land below the Chengavi tank in the Chengavi village, Gubbi Taluk, was granted free of price to Mr Rama Rao Ranavare. A portion of the land became liable to submersion by the restoration of the Mavinhalli tank. Mr Rama Rao Ranavare prayed that in lieu of the land submerged, he may be given a portion of the Kaval below Chetnahalli.

But in the meantime, Mr A. Krishna Rao had applied for the grant to him of 100 acres of land and prayed for the immediate grant of about 60 acres below Chetnahalli tank. A similar request for land was also made by Aizez Bee, widow of late Risaldar Syed Shah Abdulla. The land available outside the water-spread of the Chetnahalli tank was A G 61-9. Out of this, Govt in their Pro: No

No 6194-95 of 10.1.1896 ordered the grant
R.F. 148-92
of 10 acres to Azeez Bee and the remaining
5.1-9 (A.G.) to Mr Krishna Rao; and it was
observed that compensation for Mr Rama Rao
Ranavaree's submerged land, should not
be given out of land under the Marinahalli
tank, which had long previously been applied
for by Mr Krishna Rao. This was so far as Sur:
No 1 was concerned.

Mr Krishna Rao then applied for 40 acres
out of Sur No 2 of the same Kaval (Chetna-
halli). As Mr Rama Rao also applied for the
grant of the land out of the same survey
number, the Dy Comr was requested to submit
a report in the matter, after consulting both
the gentlemen. The Dy Comr reported that there
were no more lands available for cultivation
below the Chetnahalli tank, that there were
two Sur: Nos 101 & 102 comprising the Idagur
Kaval, of which No 102 (161-36 A.G.) was capable
of being converted into wet only if the
weir & bund of the Idagur tank was raised,
and that the land viz No 102, which was pointed
out by the gentlemen, was practically useless
to them. The Dy was asked to consult the
gentlemen and report on the matter. He
replied that he had addressed the Amrit
Mahal Officer enquiring whether he is pre-
pared to resign the Idagoor Kaval for
purposes of cultivation and that the

question of improving the Idagur tank was raised & referred to the Executive Engr. The Dy Comr promised a further report on the matter. He now reports that the Supdt, Amrit Mahal, states that it is not possible to transfer the Kaval to the Rev: Deptt, as it is a hot weather grazing attached to herd No 18, that the project for raising the weirs and restoring the Idagur tank is under disposal & that the applicants have been informed to select some land other than the Kaval in question.

Rev: Comrs No 2091 of 30.10.1903.

N.B. Among these papers there is an application of Mahammad Ensuff for the grant of lands & this has been referred to in all the subsequent correspondence. But the matter has been finally disposed of in G.O. No R 78-80 of 7.7.1903, and this may, it is submitted, be intimated to the Dy Comr, Tumkur, to avoid any confusion that may otherwise arise.

RECD. 842 R
DATE 2-9-96

Sir,

Most respectfully I crave permission to represent to you that out of the one hundred ~~and eight~~ acres and one gunter of land below the Chengavi tank, granted to me as per Government proceedings No. 614-5 R.F 148-92 Sec. 2 dated 12/14 July 18 fifty one acres and thirty one gunters have, on account of the raising of the bund of Allavanahally tank, been submerged and become useless for cultivation. Consequently I have been deprived of this extent of land and the same has been struck off my Khata.

On the 9th April 1896 I petitioned to the Deputy Commissioner of Tumkur to grant me instead of this land an Equal portion

Equal portion situated elsewhere and pointed out that, if convenient, thirty or forty acres of land fit for cultivation may be given to me out of the nine hundred and thirty six and odd acres forming Revenue No. 2 in the basin, i.e. outside the waterspread, of the Chittanahally tank and that the remaining ten acres and odd may be given out of the Amrit Mahal Kavil, forming Rev. No 102 under the Edgur tank. The Deputy Commissioner has not yet been pleased to do any of these things for me.

I therefore beg that you will be graciously enough to order the grant to me of land, as requested by me in my petition to the Deputy Commissioner of Tumkur, or if land is not available under the Chittanahally tank, of the whole fifty one and odd acres under the Edgoor tank.

And I remain Sir

proportionately [illegible]
Ajeej Bi & the petitioner; that
in the said division Ajeej Bi
was given 9 a 2 g or 6¼ guntas
more than what she was entitled
to get according to calculation
& the petitioner was granted
4 a 5 g & 16 g; that it was not possible
to sub-divide ~~the Survey~~ No: 1 in
such a way as each of them
should get what they were entitled
to, according to calculation;
that since the lands were granted
as selected by the agents of the
petitioner & Ajeej Bi there is no
room for complaint in that
respect; that the Kharab lands
not having been assessed it
does not matter much, whose
holding contains greater Kharab
lands; and that the assessment
cannot be reduced since it has been
fixed by the Survey authorities
on due consideration of the
nature of the soil:—

The facts of the case are
as follows:—

2/

The petitioner applied to Govt. for a grant of 100 acres of land, without selling the same by auction in the bed of Chitnabally tank Gubbi Taluk & bearing Nos: 1 & 2 of Amrut Mahal Kaval. Out of the two numbers selected by the petitioner No 1 had been transferred to the Rev: Depth. This No: 1 measured 6 a 1 g 2 g 9 of which 5 a 1 g 2 g 9 were ordered to be given to the petitioner & the remaining 10 acres to Ajeej Bi wife of the deceased Resildar Syd Shea Abdulla. But later on it was found that No: 1 measured only 5 a 4 g 2 g 18 or 6 a 2 g 31 less than what was ordered by Govt: Deducting 2 a 2 g 20 of Kharab & 7 Guntas of dry land there remained only 5 a 1 g 2 g 31 of assessed land fit for cultivation. Out of these 5 a 1 g 2 g 31 about 14 acres of land is far inferior in quality so as not to admit of wet cultivation the soil being imbedded with fuller's Earth & washed off by rains - So 37 acres & 31 Guntas of

The Dep: Commr directed the whole area to be divided between the petitioner & Ajeej Bi in the ratio of 5:1 - The Amildar in dividing the land as per Dep: Commrs order, set apart inferior soil to the petitioner's share ~~to~~ leaving the rest to Ajeej Bi. Moreover the Nos: were so sub-divided that Ajeej Bi not only secured more than what was ordered by the Dep: Commr but also the numbers were so mixed up that future takarars were inevitable -

The petitioner states that the sub-division of numbers were not effected in ~~their~~ his presence; that the numbers mentioned in the mutchalika greatly differ from those under cultivation; that with the object of settling the difference above referred to after personally inspecting the land, the petitioner in reply to the notice issued by the

he has accepted the lands

matter and the petitioner's Ex-

just as the Govt: excluded

that in the event of Govt:
thinking that the whole area
cannot be granted to the
petitioner only the same
may be divided between
the petitioner & Ajeej Bi

The petitioner prays:-

(1) That if the Entire No: darkhasted for by the petitioner cannot be exclusively granted to the petitioner, he may be allowed to select such of them as he likes & the rest given over to Ajeej Bi -

(2) That the proportionate cost incurred for repairing & constructing the Aincuts may be recovered from Ajeej Bi & paid to the petitioner as Ajeej is using the same water for the cultivation of her lands

(3) That the Govt: should undertake to keep the Aincuts in ~~that~~ a thorough state of repairs by stone revetment.

(4) That the rates of assessment fixed on these lands are high and ~~deserve~~ should be lessened.

The Taluk Authorities have infor

that Azeez Bi should be given 10 acres out of 61a-9g to bring the total extent of Survey No. 1 of the Kaval according to accounts - 8a-35g 3/4 of land should be given to Azeez Bi out of the total Extent of 54a-3g-18 finally fixed on Survey accounts. According to the above destribution she has been given a trivial Extent of 6 1/4 Cuntas more ~~it is clear that~~ but not 1/2 acres as alleged by you - It does not seem proper ~~that the~~ ~~plaint~~ ~~plaint~~ that it should be plotted again with a view to separate the said 6 1/4 Cuntas of land -

You allege that best land is given to Azeez Bi - There is no reason for complaint on this point since those lands which were selected by your and Azeez Bi's agents were given to you -

You also allege that large Extent of Kharab is deducted from the land given to you while only a small Extent is deducted from that given to Azeez Bi - The Survey Departt. have deducted in Each No. So much Extent of land that was found Kharab - The portion of Kharab to deducted has not been objected -

You state that higher rate of assessment has been fixed - The same cannot be reduced since the Survey Departt. have fixed it on the nature of the soil according to their rules.

Respected Sir,

I beg to bring the following few lines into your kind Consideration.

Yadi from the Amildar of Gubbi Taluk was received to the effect that I should take possession of the lands of [illegible] accordingly, obeyed the Deputy Commissioner's order by executing the ordinary Mouchelika at the same time remarking that I will be abiding to the final decision of the Government in the matter. In taking the lands to my possession in accordance to the said Yadi I am put to great inconvinence as shown in the following:-

1. The choice of the land is not left to me as I has prayed for in my applications to the Government but as the

2. The lands was not divided into Survey numbers in Such a Manner as to seperate my portions entirely with that of the other grantee, and Neither the Survey numbers was distributed between us so as to quite seperate the portions of us. According to ough the Portion of the other forms a Compact as it is in the middle; mine forms an irregular shapes one and runs round that of another.

The lands left to my portion are all of various degrees of fertility & residence, and some acres are wholly barren whereas those given to the other are in a level, of the same fertile soil close to the Channel and hold no cost whatever for the supply of water to his lands. But the interveniss my lands entails a heavy cost to render the whole piece to a level & I will have to Construct two dams for the supply of water to my lands

4. A Canal Running

throug my lands take away a large portion of it while there is nothing of that sort in the lands of the other.

6. Lastly about five acres and odd has been reduced, thus giving me only forty-five acres and Seventeen Cuntees & that too of an irregular shape Containing some uncultivable land, though I was the first applicant for the said lands without any Compitition whatever. And I do not know whether this reduction too was distributed or not.

Therefore I pray that Just may be done by leaving the Choice to me according to my application or that some rule may be adhered to by reducing the lands proportionately and grant the portion to the other party in a block as marked in red pencil in the enclosed plan so as to exclude the portion by the Line of survey number two for which a Seperate darkast has been made by me.

For which act of kindness

I beg to remain Yours most
